RPG

Rocket Propelled Gaming. This massive frame hides an ultra detailed quad-core hinge design. Dual rail construction supports twin spring assemblies on each side, providing perfect fit and an expansive viewing field. Add an ergonomic twist with adjustable nose pads and deceptively light magnesium-aluminum armoring. Held in place by the grip of thermoplastic rubber, RPG is ready for action. Have a blast.

SPECIFICATIONS

eye size:
61 mm

temple length:
120 mm

bridge width:
18 mm

lens height:
39 mm

weight:
35 grams
(without packaging)

KEY FEATURES

- Adjustible silicone nose pads provide a customizable fit;
- Soft thermoplastic rubber tipped temples grip lightly to ensure proper location of the optics without slippage;
- Aluminum-magnesium frame construction generates proper strength and optical stability through a hybrid lightweight metal alloy;
- Hidden spring hinges flex to ergonomcally fit a wide variety of head and face shapes;
- Lightweight construction and proper weight balance guarantee long wearing comfort without pressure points or fatigue;
- Micro-engineered lenslocks securely retain lenses without undue stress or distortion of the optics;
- Ultra detailed quad-core hinge design ensures frame flexibility and durability;
- Wide format lenses create a panoramic viewing field for high resolution viewing.
